

# LIGHTHOUSE TOUR

## NORTH BREAKWATER LIGHT

The Breakwater Light is at the end of a half mile walk down the pier, and is exquisite in its design. This 1924 light is also open for tours and tower climbs and boasts a vibrant green light from its tower.

The Weather Channel voted it one of the *Top 10 Lighthouses To See In the U.S.* The North Breakwater Lighthouse is Ludington's focal point, and a great place to watch the sunset or wave at the S.S. Badger carferry as it cruises out onto Lake Michigan.

## BIG SABLE LIGHT

Just a quick two mile walk along a breathtaking trail, stands Big Sable's noble black and white tower. At over one hundred feet tall, this historic beacon is a huge attraction for its owner, Ludington State Park. The 1867 lighthouse and grounds are operated by SPLKA, (Sable Points Lighthouse Keepers Association) a non-profit which proudly manages three historic lighthouses within a thirty mile stretch of Lake Michigan's shoreline. Since 1987, their mission has been the restoration, preservation, education and accessibility of their lighthouse charges. Visitors are welcome to explore the grounds, tour the original Keeper's Quarters which have been converted into a Gift Shop, stroll along the sand dunes or climb the tower.
